

**CONFIDENTIAL**

1 DEC 1982

MEMORANDUM FOR: Chief, Plans and Program Staff, OL

FROM:

[REDACTED]  
Chief, Real Estate and Construction Division, OL

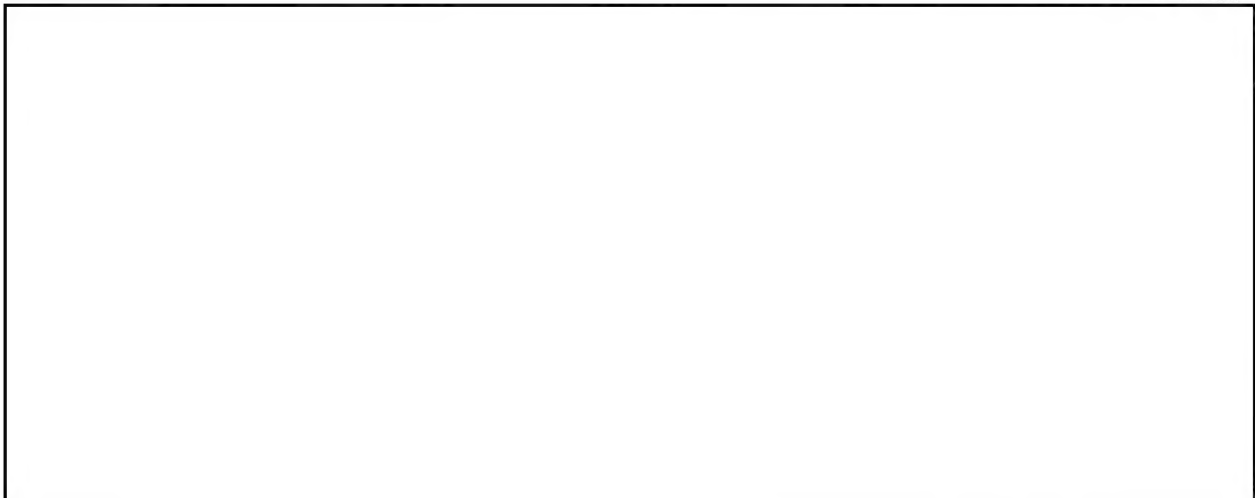

SUBJECT: RECD/OL Input to DCI's Annual Report  
to Congress

REFERENCE: Note For C/P&PS to C/RECD 24 November 1982,  
Subject: DCI's Annual Report to Congress

1. With regard to your note on the above referent, the following supplemental information may be useful to you in the preparation of O/L input to the Director's Annual Report to Congress. (U)

2. In terms of performance, overall division activity has increased dramatically and significant accomplishments have been realized in the Headquarters, Field Engineering and Real Estate areas of division support. The highlights of this performance are listed in Attachment "A". (U)

3. This level of performance has been achieved despite an understaffed division posture which is repeatedly being reduced due to our determined policy to provide engineering resources to Agency components in support of critical operations on a first priority basis at the expense of day-to-day on-going activities. In order to overcome such understaffed conditions, the division has undertaken accelerated recruitment efforts including personal trips to college campuses to interview and directly recruit new engineering talent. (U)
